FUTURE OF HEALTH – What will be the new normal?

Health is an investment in future.

Worldwide, triggered by the COVID-19 pandemic, there is a “deep concern that leaders are failing to invest enough resources in core health priorities and systems. This puts lives, livelihoods and economies in jeopardy. None of these issues are simple to address, but they are within reach.” (WHO 2020)

The interdisciplinary summit on the „Future of Health“ at TUM addresses the current health challenges and focusses on the fundamental shifts inevitable for sustainable health. The main focus is on six topics that are driving the change in health, current questions are discussed and innovative answers are developed for the health sector: what will be the New Normal?

1. Driving economic growth & improving quality of life & life expectancy: can we have it all?
2. Lessons from COVID-19 and how to prepare for the next global health challenge
3. What does the healthcare system of the future look like – lessons from around the world
4. Shifting from a sickness service to a wellness system
5. The robot will see you now: How will technology transform healthcare systems
6. Leading change – how to get change to stick

Register online now: Summer School / Summit

Patronage

The Bavarian State Minister of Health and Care Klaus Holetschek has taken on the patronage for the interdisciplinary summit and the summer school "Future of Health".
Overview Summit

Future of Health - Interdisciplinary Summit 2021

Dates: September 13-18, 2021

Target group: Professionals of the health system and its adherent fields
Undergraduates and graduates with an interest in health related topics

Language: English

Opportunity to participate: via video conference tool Zoom

Application deadlines: September 1st, 2021

Participation fee Day Ticket: 159 € (reduced fee for students: 99 €)

CME / CP 3 CME (per day; Cat. A)
Doctoral candidates 3 CP (per day)

Overview Summer School

Future of Health - Interdisciplinary Summer School 2021

Dates: September 13-18, 2021

Target group: Undergraduates and graduates with an interest in health related topics

Language: English

Number of participants: Max. 30 (Munich, Business Area Olympic Park)

Application deadlines: August, 2021 (incl. CV)

Participation fee 750 € (6 days)

CME / CP 3 ECTS
Doctoral candidates 20 CP (TUM)

Program

Participants of the summer school take part in all keynote lectures and panel discussions of the summit and, in addition, work on innovative and sustainable health solutions in daily workshops. The official part ends every day with a common “summary of the day”.
